Maximum Marks	2 Marks

Customer Journey Map

Map out the customer's experience stage-by-stage, capturing their actions, touchpoints, thoughts, and feelings, along with process ownership and improvement opportunities at each stage.

Phase of Journey	**Stage 1**	**Stage 2**	**Stage 3**
Actions *What does the customer do?*	• Opens the CRICKSTATS app • Creates an account/profile • Enters player details	• Enters match details and performance data • Records runs, wickets, catches, etc. • Saves match performance	• Views performance dashboard • Checks statistics and trends • Identifies strengths and weaknesses
Touchpoint *What part of the service do they interact with?*	• Mobile/Web app • Sign-up page • Player profile	• Match entry form • Performance tracking screen • Save/update options	• Dashboard • Statistics and graphs • Performance reports
Customer Thought *What is the customer thinking?*	• “How do I get started?” • “Can I easily create my profile?” • “Is my data secure?”	• “Can I enter my performance quickly?” • “Are my statistics recorded correctly?” • “I want to track every match.”	• “How am I performing?” • “What are my strengths and weaknesses?” • “How can I improve?”

Customer Feeling *What is the customer feeling?*	• Curious • Interested • Hopeful	• Engaged • Focused • Motivated	• Confident • Motivated • Satisfied

Process Ownership *Who is in the lead on this?*	• Product/UI team • Authentication system • User	• Player/User • Performance tracking module • Database system	• Analytics module • Dashboard/UI team • Player/Coach
Opportunities *How can we improve this stage?*	• Make registration simple and quick • Provide clear onboarding instructions • Add secure login and profile setup	• Provide quick and easy data entry • Add automatic calculations for statistics • Allow editing of incorrectly entered data	• Use clear charts and visual reports • Provide personalized performance insights • Add improvement suggestions and progress tracking
