Project Demo Planning

Date	29 September 2026
Team ID	6ab2a8af5ccf576cf95a906b
Project Name	Cricket Player Performance Tracking Application: CRICKSTATS
Maximum Marks	1 Mark

Project Demo Planning:

A well-structured demo plan ensures that the team presents the project effectively, covering all key aspects in a clear and organized manner. This document outlines the plan for demonstrating the project, including the flow of the demo, key features to highlight, and responsibilities of each team member.

S.No	Demo Section	Description	Duration (mins)	Responsible Member
1	Introduction & Problem Statement	Introduce CRICKSTATS and explain the problems of manual records, scattered data and delayed reports faced by coaches, managers and analysts	2	Member 1
2	Solution Overview	Explain the Salesforce solution: Player and Match Performance objects, master-detail relationship, roll-up summaries, Lightning App and flow	2	Member 2
3	Data Model & App Walkthrough	Show the custom objects, fields, tabs and the CRICKSTATS Lightning App navigation	3	Member 3
4	Record Entry Demo	Create a Player record, then add Match Performance records (runs, fours, sixes, wickets, catches)	3	Member 4
5	Auto Statistics & Flow Demo	Show roll-up totals and AVG Score updating, then run the Home page flow: select a team and view player stats	4	Member 1
6	Reports, Dashboards & Q&A	Show reports and dashboards, summarize the outcome, and answer questions	3	Member 2 and Member 3

Demo Flow Summary:

Step	Activity	Notes
1	Introduction & Problem Statement	Cover the three user problems: coach, manager and analyst. Keep it short and clear.
2	Solution Overview	Show the architecture layers and data flow: User, Salesforce UI, Player, Match Performance, Reports, Dashboard.
3	Live Feature Demonstration	Demo in the CRICKSTATS app with sample data prepared in advance (e.g. RCB players).
4	Q&A Session	All members answer from their own modules. Keep a backup video or screenshots in case of network issues.
